journal of the  
European Radon Association

### CALL FOR PAPERS

JERA is a non-profit, peer-reviewed, and open-access journal of the European Radon Association that focuses on radon research and practices. The purpose of JERA is to publish original research, review articles, and/or technical papers relating to radon, thoron, and decay products. JERA is free from all access barriers, allowing for the widest dissemination of your work. International submissions are welcome!
