SGM-CI APP DEMO

The screenshot displays the SGM-CI APP interface on a mobile device. At the top, the status bar shows the time as 12:12, signal strength, and a battery level of 85%. Below the status bar is a dark blue header with a back arrow, the name 'Rebecca Turek', a 'Clear' button with a circular arrow icon, and a trash can icon. The main content area is a white list with the following items, each with a right-pointing chevron: 'General Information', 'System Monitor and Label', 'Duct Piping', 'Exhaust Termination', 'ASD Fan', 'Electrical', and 'Sealing Floor & Wall Cracks'. At the bottom of the screen is a gray button labeled 'Sign & Submit'.

Hints - Tips *and* Scripts

****Use the SGM-CI APP**

Upsell to:

Homeowners who are having a
system installed

Buyers whose purchase already
has a mitigation system present

Use in your marketing:

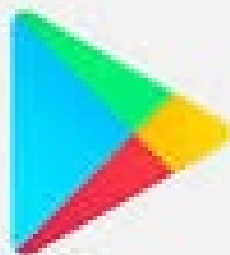

SGM-CI certification designation

Non-compliant items

Just like your doctor checks your blood pressure when on blood pressure meds, you should have a complete check up of your mitigation system to know that it's working properly. Adjustments may need to be made in order for the system to function optimally.

- Not all post mitigation tests will lower levels less than 4.0 pCi/l
 - Not all homes/building with radon systems conduct a post mitigation test
