

# ***PYA Roundtable Discussion***

## **Our Mission**

The Premier Youth Ambassadors (PYA) for Radon Reduction program aims to develop young adults from across the country who have a strong sense of responsibility and a commitment to their communities regarding radon gas testing, mitigation, and education.

# Brent Ulbert

- No longer considered a “youth”
- Worked with PYA since 2023
- Owner/Partner, PDS Radon Supply founded 1989
- Hundreds of products and 50+ unique, exclusive designs
- PDS Values: *Integrity, Vitality, and Sustainability*

# Alisha Keshwani

- **Co-President and Co-Founder of ALCSI at The University of Michigan, ALCSI National Director**  
*ALCSI: American Lung Cancer Screening Initiative*
  - Leads the national content and media teams, website, ALCSI chapter director
  - ALCSI Lung Cancer Innovation Challenge, which is an innovation-based competition for high school students where they develop and carry out a research and/or advocacy project.
- Alisha Keshwani is a junior at the University of Michigan studying Biology, Health, and Society and Science, Technology, and Society with a concentration in Medicine

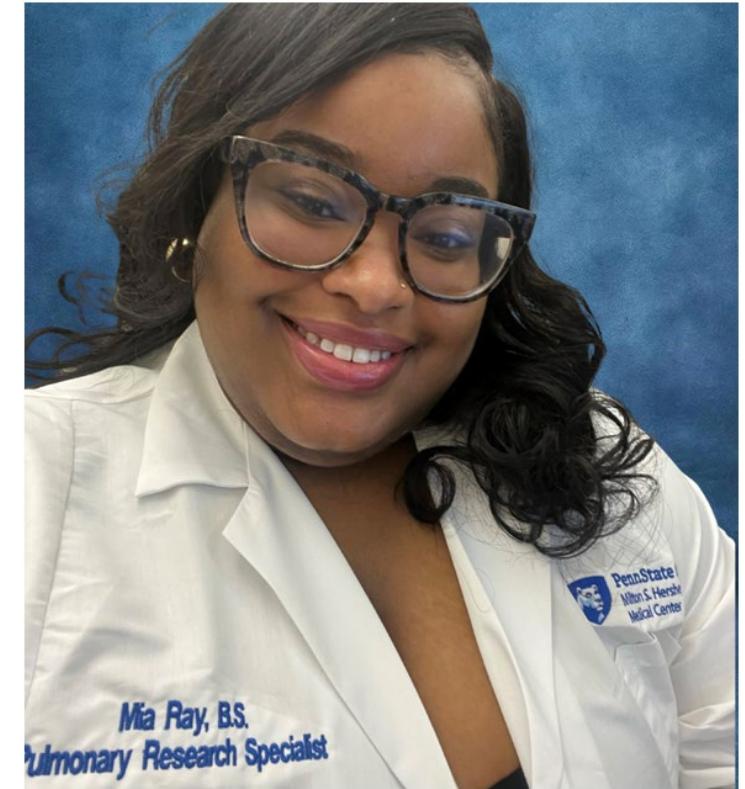

# Alina Keshwani

- **Co-President and Co-Founder of ALSCI at The University of Michigan**
- *ALSCI: American Lung Cancer Screening Initiative*
- *Currently* a sophomore at the University of Michigan majoring in Biopsychology, Cognition, and Neuroscience. Her work involves research and leadership roles that aim to improve health outcomes, especially in areas related to lung cancer.

# Mia Ray

- Harrisburg University graduate, majored in Integrative Sciences, and served as SGA President, Rotary Club President, and NAACP Director of Outreach
- Pennsylvania Department of Environmental Justice Advisory Board Member
- Learned about Radon by random email (did spam do good?)
- Pulmonary Research Specialist at Penn State College of Medicine, she studies radon-induced lung cancer biomarkers and advocates for radon awareness in schools with old infrastructure. Speaker at the 2023 AARST Symposium.
- Goal: get a PhD in Environmental Toxicology
  - Studying molecular and genetic factors/markers from Radon
  - Already being introduced to possible research partners through PYA!

# David Trent

- Mother, Helena, was a Victim of Radon-Induced Lung Cancer
- Joined PY in 2022, SECOND SYMPOSIUM
- Founded RnFree, a 501c3 non-profit
  - 542 kits distributed
  - \$9,494.41 raised
- Cleveland Clinic Researcher, Neuroscience Dept
- Most interested in building relationships in the radon industry
- Residence Hall Associate President

# Joshua Keyes

- Animal lover. Concern about pets affected by radon
  - Two Dogs: Semijaza & Nala
  - One Bearded Dragon: Spira
- *SECOND* Symposium
- Genesis Creation Project Founder
- Worked with Erie Zoo & Student Conservation Assoc. on Classroom outreach
- Currently working on “radon educational tour”
- Thoron and Pets?

# THANK YOU FOR ATTENDING!
