# A Warm Texas Welcome Indoor Environments 2025!

## Greetings and Welcome to Fort Worth!

We are thrilled to have you join us for the premier gathering of professionals dedicated to advancing the science, policy, and practice of healthy indoor environments. This year's symposium is packed with opportunities to learn, grow, and connect.

Over the next few days, we encourage you to:

- Learn as much as you can. Dive into technical sessions, panels, and workshops designed to expand your knowledge and sharpen your skills.
- Get to know our vendors. Take time to explore the exhibit hall and connect with the companies and organizations that are bringing innovative tools, technologies, and services to our industry.
- Network with your peers. Whether during formal sessions, coffee breaks, or evening events, these are some of the best moments to build relationships, share experiences, and collaborate with colleagues from across the country.

There is a lot to take in, and we hope you will use every opportunity to immerse yourself—ask questions, meet new people, exchange ideas, and get involved. The connections you make and the knowledge you gain here will help move our field forward and strengthen your own professional journey. And while you're here, we invite you to enjoy all that Fort Worth has to offer—its rich history, vibrant culture, and warm hospitality are the perfect backdrop to this week of learning and collaboration.

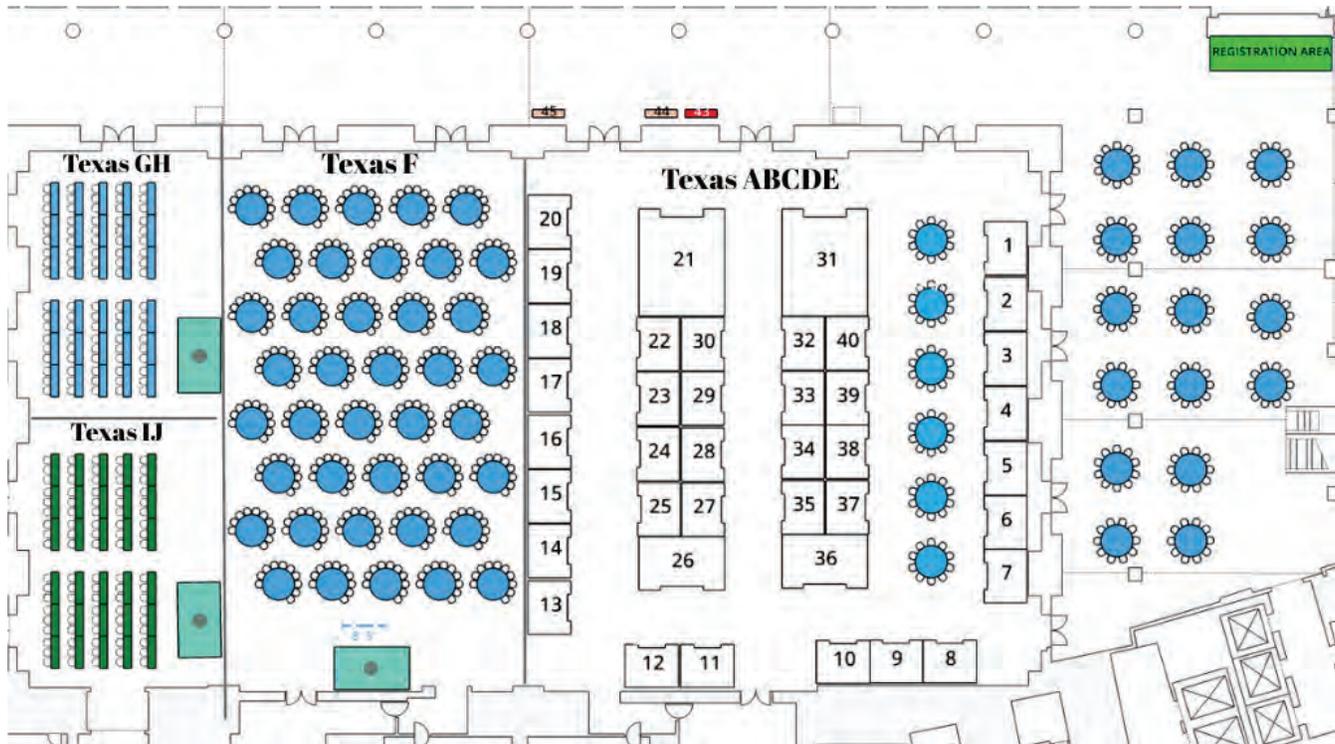

On behalf of the Symposium leadership team, thank you for being part of this important event.

We look forward to an inspiring and productive week together.

*Duane West and Dawn Coffee*  
Co-Chairs, 2025 Radon and Vapor Intrusion Symposium

	Science & Research	Texas IJ
	States & Tribes	Texas GH
	Exhibit Hall	Texas ABCDE

# PROGRAM OF EVENTS

<b>26 Sun</b>	8:00 to 5:00 PM	Sunday Continuing Education Courses (3rd Floor; Sundance 1 & 2)
	6:00 – 8:00 PM	Opening Reception (Texas ABCDE)
<b>27 Mon</b>	7:00 – 8:00 AM	Breakfast (FOYER)
	8:00 – 10:00 AM	General Session (Texas F)
	10:45 AM – 5:00 PM	Radon General Session (Texas F)
	10:45 AM – 5:00 PM	Vapor Intrusion (Texas GH)
	10:00 – 10:45 AM	Break + Exhibits (Exhibit Hall)
	12:05 – 1:35 PM	Lunch (Foyer) + Exhibits (Exhibit Hall)
	2:55 – 3:40 PM	Break + Exhibits (Exhibit Hall)
<b>28 Tues</b>	5:00 – 6:00 PM	Social Hour (Exhibit Hall)
	7:00 – 8:00 AM	Breakfast (Foyer)
	8:00 – 10:00 AM	General Session (Texas F)
	10:45 AM – 5:00 PM	Practice & Policy (Texas F)
	10:45 AM – 5:00 PM	Science & Research (Texas IJ)
	10:45 AM – 5:00 PM	States & Tribes (Texas GH)
	10:00 – 10:45 AM	Break + Exhibits (Exhibit Hall)
12:05 – 1:30 PM	Lunch & IEA Annual Meeting (Texas F)	
2:55 – 3:40 PM	Break + Exhibits (Exhibit Hall)	
<b>29 Wed</b>	7:00 – 8:00 AM	Breakfast (Foyer)
	8:00 – 12:00 PM	General Session (Texas F)
	12:00 PM	2025 Symposium Ends

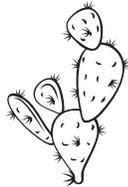

# FORT WORTH FUN

**OPENING RECEPTION:  
SUN, OCT. 26 | 6-8PM**

Network and mingle at this fun opening social gathering.

**DAILY MEALS &  
BREAK REFRESHMENTS**

Start each day with breakfast and enjoy delicious lunches throughout the conference.

**Breakfast:** Monday–Wednesday  
**Lunch:** Monday & Tuesday  
**Break Refreshments:** Available daily during session breaks.

**THE EXHIBIT HALL  
SOCIALIZING HUB**

Join us on Monday for the Cornhole Tournament! Playoffs start at 5pm.

**ENJOY THE  
WATER GARDENS**

Directly across the street from the Omni is a calm and relaxing spot where the Water Gardens can be enjoyed as a serene and exhilarating piece of architecture.

Built Environment Testing  
Radon

# Radon Testing, Reinforced

**Alpha Energy Labs is now  
Eurofins Built Environment Testing Radon!**

Don't worry — we're still the same people you know and trust, doing the work we love. The only difference? Now we've got the incredible resources, technology, and expertise of Eurofins behind us.

**Same team.**  
**Same commitment.**  
**Even more possibilities ahead.**

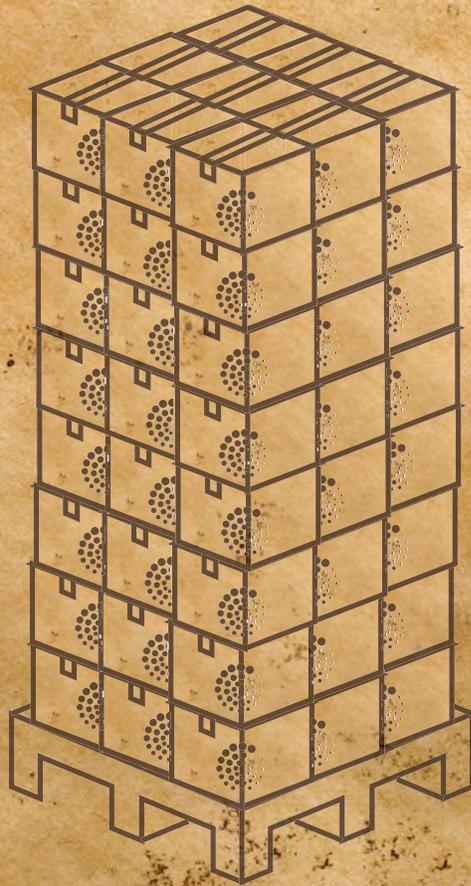

**Come see us at Booths 14 – 16 to learn more!**

## ABOUT IEA LEADERSHIP OPPORTUNITY

Have a bit of extra time? Want to contribute to the radon/VI industry, work alongside your colleagues, and set the bar for future industry professionals? IEA/AARST, the Consortium and NRPP all have a growing need for volunteers and could use your expertise!

The following opportunities are available:

### STANDARDS CONSORTIUM

Work with committees of experts to write, review or revise ANSI/AARST Standards. While some committees are seated, the process for seating others is ongoing. For more information, visit <https://standards.aarst.org/public-review/>

### NRPP CERTIFICATION DEVELOPMENT

Help committees of subject matter experts define certification requirements, write, review, revise and approve test questions, and set exam passing scores. To join us in any of these activities, please email [proficiency.director@nrpp.info](mailto:proficiency.director@nrpp.info) for information. No prior experience in certification development is necessary.

### IEA CHAPTERS

Support your Chapter. Across the US, chapters are working on enacting regulation through certification, school testing and mitigation requirements, or homebuyer notification requirements, strengthening existing regulatory programs, or requiring testing before home sales and rental leases. For more info visit: <https://aarst.org/aarst-chapters/>

### CODE WORK

Contact your Code Official - educate them to encourage adoption of requirements for effective radon control in new homes and support needed changes to the International Residential Code (IRC) Appendix F at ICC in 2025.

### AT A GLANCE

-  Board of National Directors
-  Advocacy Committee
-  Audit Committee
-  Bylaws Committee
-  Government Affairs Committee
-  Membership Committee
-  Nominating Committee
-  Professional Ethics Committee
-  Strategic Planning Committee
-  Symposium Committee
-  Technical & Science Committee
-  Certification Council
-  JTA (Job Task Analysis)
-  Exam Question Writing Groups
-  Technical Editing
-  Technology Support
-  Social Media Committee

For general inquiries on any of the above please email: [info@indoorenvironments.org](mailto:info@indoorenvironments.org)

For more information regarding committee work please visit: <https://aarst.org/committees/>
