

INDOOR ENVIRONMENTS 2026 - DRAFT AGENDA

MONDAY - PRESENTATIONS BY TRACK

General Session - 8:00 AM - 5:00 PM

Why So Negative?	Wes Hodgden
Roundtable Discussion - ANSI-AARST CC-1000	TBD
EPA Update	Katrin Kral
NRPP Update	Amy Roedl
Federal and State Policy Update	Jane Malone
Radon Policy in Commercial and Multifamily Buildings	Kyle Hoylman
Communicating with Confidence: Managing Tough Radon Questions	Shelley Laver
Challenges of Radon Sampling in a Large Multi-Family Multi-Building Complex	Jane Rogers, Cheyenne Neess
Why 100% Ground Contact Testing in Commercial/Multifamily is Imperative	Myca Bruno
Where to Test in Commercial/Multifamily Buildings (10% vs 25% vs 100%)	Myca Bruno
Standards Update	Gary Hodgden, Diane Swecker, Shawn Price
Direct Soil Depressurization Radon Mitigation	Bill Brodhead
Institutionalizing Radon Education in NC: Building a Data-Driven Framework	Phillip Gibson
Ten Years of Optimal Mitigation Training: Lessons Learned and Blood Shed	Bruce Snead, Chad Robinson, Josh Kerber

Vapor Intrusion Track - 10:45 AM - 5:00 PM

PFAS Vapor Intrusion: Application and Challenges	Travis Kline
All about Smoke Tests	Tony McDonald
2026 WI VI Guidance - Updated Recommendations: Vapor Investigation & Mitigation	Jennifer Borski
Radon and Vapor Intrusion Mitigation System Design for New Large Buildings	David Hanley
Exploring Pressure Differentials in Residential and Commercial Buildings	Gunnar Barr
Brownfields Case Study: Transformed Historic Car Dealership into Multifamily Housing	John Davis, Thomas Causey
VI Legal Updates	David Gillay
Sampling indoor air in Virginia under the Voluntary Remediation Program	Julia Jenkins
Vapor Intrusion in Virginia: Three Decades, 1000s of Data Points, One Evolving Story	Cortney Marquette
From Dry Cleaners to Gas Stations: Understanding Env. Assessments, Historical Uses, and Contam	Rachel Peterson

TUESDAY - PRESENTATIONS BY TRACK

General Session - 8:00 AM - 10:00 AM

Funding Mitigation - CO and IA Programs	Margaret Horton, Randy Lane
Sunrise - Sunset: Reviews of Radon Credential Requirements in CO and VA	Rachel Peterson, John Davis
E25 Update	TBD
Home Radon Testing: The Influence of Marketing Narratives on Public Awareness/Safety	Kai Wundke
Questions and Answers on CDRMs	Wes Hodgden, Lisa Laflamme
QA Standard Update	Bob Coffee

INDOOR ENVIRONMENTS 2026 - DRAFT AGENDA

TUESDAY - PRESENTATIONS BY TRACK (Continued)

Radon Practice Track - 10:45 AM - 5:00 PM

How the Weather Influences Radon Concentration	Vanda Jakabova
How To Address - Weather/Building Conditions During Radon Measurement	Myca Bruno
Sealants	Mike Kitto
Aggregate -Clean - Recycled	Mike Kitto
Vapor Intrusion: Key Concepts for Radon Professionals	Dawn Coffee
Case Study: Failed Mitigation for an Entire Community	Gary Hodgden
Houses from Heck	Bruce Snead, Chad Robinson, Josh Kerber, Merritt Gantt
Case Study - Preferential Pathways in Building above Open-air Parking Garage	Matt Koch
Creating Effective Floor Plans for Radon Diagnostics and Mitigation	Merritt Gantt

Science and Research Track - 10:45 AM - 5:00 PM

Changes in Radon Awareness and Testing Intentions: Following Risk Communication	Jessica Bradford
Indoor Air Radon Testing Rate - Socio-economic and Public Health Factors	Uttam Saha
Elevated Outdoor Radon from Florida Phosphate	Bill Brodhead
Assessing Permeability of Capped Electrets, Off-Position E-Perm Sensors	Larry Welch
Experiences from Repeated Measurements in Swedish Schools, Multi-Family Houses	Tryggve Ronnqvist
Interventions to Increase Radon Testing of Homes: Clinical Trials of Best Practices	Soojung Kim, Sydney Rea, Marilyn Klug, Gary Schwartz
High-Resolution Diagnostics: CRM Deployment to Optimize School HVAC, Mitigation	Dallas Jones
The HVAC Factor: Evaluating Radon Fluctuations via Continuous Monitoring	Rachel Carter
Active and Passive Measurement: From Data to Better Decisions - European View	Michael Westphal

States and Tribes Track - 10:45 AM - 5:00 PM

Home Electronic Radon Equipment	Alexandra Bahadori
Partnerships for Expanding Access to Home Radon Testing in Kansas	Susan Beckman, Kristina Snyder, Brian Hanson, Susan Denes-Collar
Lending Library Radon Monitor Program	Star Jones
Enhancing At-home Radon Test Kit Usage: Program Analysis and Best Practices	Alexis Gigliello
Minnesota Radon Test Kit Distribution Programs	Joshua Kerber, M.S.
Bridging Horizons: NWBSN Partnership with UT DEQ, University of UT- Radon Awareness	Jason S Walker
Radon Recognition and Reduction with the Ponca Tribe of Nebraska	Cody Barta
Radon Data and Partnering with the WY Geological Survey	Randi Norton-Herrington
Small Ask. Big Impact. Through Your Medical Community	Chris Kelly
Reaching out about radon: timing and focus matters	Kristina Snyder, Stephanie Lehmkuhl
Radon Safety and Public Outreach	Kerry Lewis

INDOOR ENVIRONMENTS 2026 - DRAFT AGENDA

WEDNESDAY - PRESENTATIONS BY TRACK

General Session - 8:00 AM - 12:00 PM

Metrics for National Radon Poster Contest	Eleanor Divver, Josh Kerber
Radon Family Feud	Amy Roedl, Bob Coffee
Industry Survey Results	Jane Malone
New Developments: RRNC Polices in IA and MN	Randy Lane, Josh Kerber
Building Codes: What's Next	Kim Steves
Making the Case for RRNC to Builders and Other Stakeholders	Tommy Bowles
Barriers and Facilitators to Radon Control in Affordable Housing in KY	Stacy Stanifer
Symposium Wrap / Evaluation	Diane Swecker

Business Track - 8:00 AM - 9:30 AM

The Retest Problem: AI-Powered Automation Helps Recapture the Recurring Revenue	Jackson Craythorne
The AI Tool Belt for Marketers: Practical AI for Growing Your Business	Peter Ruchti
How to Show Up First in Your Local Market (without paying for ads)	Cari Berman
People, Systems & Stair-Stepping: How to Scale Without Becoming the Bottleneck	Curt Drew
