LA	None			None
ME	Maine has adopted a statewide building code system that allows for a radon control standard. The statute (Title 25 / 2466) specifies that if a municipality chooses to adopt a radon standard/code for new residential construction, it must adopt the model radon standard published by ASTM (E1465-06 or its successors). Municipalities with 4,000 or more residents are required to enforce the Main uniform code framework (which includes that radon standard ASTM E1465), and municipalities with fewer than 4000 residents may choose whether to enforce or opt out, but if they adopt a radon code, it	n/a	n/a	State-wide
